TERRENCE HIGGINS TRUST

FREE

Offering self-test kit (blood or oral swab) that you do yourself at home. Results within a few minutes.

FREE to people who may be at more risk

test.tth.org.uk

GENERAL PRACTICE

FREE

Most GPs are happy to test you for HIV. Having a negative HIV result on your records does not impact on insurance, health or life assurance policies.

To find a GP: nhs.uk/service-search/find-a-gp

CHANGE GROW LIVE

FREE

Support to anyone concerned about their drug or alcohol use, or for the families & carers supporting them. FREE to people using their services.

Contact the service: changegrowlive.org/HIV-support-information

ONLINE RETAILERS

HIV 'self-test' kits that tell you if you're HIV negative. If the test is 'reactive', it might indicate the presence of HIV and must be confirmed in a health care setting. £20-40.
